Join us in making a difference for children and families in our community.

Children are the future and the key to creating a stronger community. They deserve a safe, nurturing childhood, giving them a sense of worth, ability to thrive, and a purpose for life. Parenting is the single most powerful way to change the future. With support – including the right tools and strategies – paired with the opportunity to learn and grow, we can help parents transform their family for generations.

Local restaurants will be competing for the top sangria, margarita, and appetizer at the Sangarita Showdown. Attendees sample as many as they like and vote for their favorites. There will be winners in the following categories

- People's Choice of Sangria, People's Choice of Margarita, and Best Appetizer.
